

Federal Personnel Manual System**FPM Letter** 530-222Published in advance
of incorporation in FPMChapter 530
RETAIN UNTIL SUPERSEDED**SUBJECT:** Adjustment of Special Minimum Rates and Rate Ranges
Established Under 5 U.S.C. 5303 to Reflect the General
Pay IncreaseSupersedes FPM Letters 530-216 through 530-221
Heads of Departments and Independent Establishments:Washington, D. C. 20415
December 6, 1979

1. Under section 5303 of title 5, United States Code, the Office of Personnel Management has determined that the pay of employees covered by special rate schedules shall be increased by an amount equivalent to the general increase in General Schedule pay made under Executive Order 12165, October 9, 1979. The attachment to this letter shows the adjusted special schedules, which are effective the same date as the general pay increase.

2. The pay of employees on the rolls and covered by special rates will be converted to the new special rate ranges in accordance with section 530.307(b) of OPM's regulations. The applicable part of the section reads as follows:

(b) When an employee was receiving a special rate immediately before the effective date of a statutory pay increase, he shall receive on that effective date the rate of basic pay for: (1) the numerical rank in the new special rate range for his grade or level that corresponds with the numerical rank of the special rate he was receiving immediately before that effective date; . . .

To illustrate the effect of 530.307(b), the rate of adjustment for Veterinarian, GS-701-9, is used: an employee in the third step rate of the GS-9 special rate range immediately before the effective date will receive pay at the third step of the new special rate range on the effective date, and his salary will be increased from \$19,106 to \$20,443 as of the first pay period that begins on or after October 1, 1979.

3. The pay of employees receiving a 'retained special rate' above step 10 as the result of a special rate range having been reduced or terminated, will be adjusted under one of two separate provisions, depending on when the reduction or termination of the special rate range was effected.

If the special rate range was reduced or terminated before the first day of the first pay period beginning on or after January 11, 1979 (the effective date of the grade and pay retention provisions of the Civil Service Reform Act of 1978), the employee's rate above step 10 will be adjusted by the amount of the increase made in step 10 of the rate range. (In the instance that the special rate range was reduced, but not terminated, step 10 of the special rate range is used for this purpose.)

If the special rate range was reduced or terminated on or after the first day of the first pay period beginning on or after January 11, 1979, section 5363 of title 5, United States Code, applies. In this case, the employee's rate above step 10 will be increased by half the increase made in step 10 of the rate range. (In the instance that the special rate range was reduced, but not terminated, step 10 of the special rate range is used for this purpose.) If this one-half adjustment would result in an employee's rate falling between

Inquiries: Office of Allowances and Special Rates (202) 632-8742 or ext. 28742**Code:** 530, Pay Rates and Systems (General)**Distribution:** FPM

step 9 and step 10 of the rate range, he shall receive the rate for step 10, and pay retention ceases to apply. As an example, a GS-6 Inhalation Therapy Technician in New York City who currently receives a retained special rate of \$16,002 due to the reduction of that special rate range in April 1979, would have his pay rate adjusted by half the increase made in the special maximum rate of \$15,612. The special maximum rate is increased to \$16,711, and granting half the increase in step 10 would result in the employee's rate being increased by \$550 to \$16,552. Since this one-half adjustment would result in a pay rate that falls between step 9 and step 10 of the rate range, the employee would receive pay at the maximum rate, \$16,711 per year. A number of authorized special rates were reduced or terminated after the grade and pay retention provisions of the Civil Service Reform Act became effective. All of these reductions or terminations were made by annual review effective April 1979, FPM Letter 530-213.

For employees receiving a retained special rate above step 10, process the action as "894," pay adjustment, and enter the appropriate pay rate determinant code. When the employee's pay rate is no longer above step 10, the pay rate determinant code is "0."

4. One authorization, GS-602 Medical Officer Series, is affected by the ceiling on General Schedule pay. Under Public Law 96-86, October 12, 1979, this ceiling is \$50,112.50 for the new special and General Schedule rates. In addition, the previous \$47,500 pay ceiling increased to \$50,100 on October 1, 1979. The effect of this is detailed in the note to the GS-602 Medical Officer Series authorization.

5. An additional FPM Letter will be published as soon as the annual review of special salary rates has been completed to further adjust many of the special schedules in this FPM letter. This means that some of the special rates now authorized could be reduced or cancelled as a result of the annual review. A reduction or cancellation could be made either to all grades in an authorization or to only some of the grades in an authorization. When special rates are reduced or terminated, employees on the rolls will retain their existing rates of pay. The FPM letter will be published at least two weeks before the effective date of the adjustments. Agencies are cautioned not to use the rates set forth in the attachment to this FPM letter when making commitments for future actions such as appointments or promotions.

By direction of the Director:

Gary R. Nelson
Associate Director
for Compensation

Attachment

The tables in this attachment show the special pay rates authorized by the Office of Personnel Management under section 5303 of title 5, United States Code. Each table shows (1) the occupational coverage of the rates, (2) the geographic coverage, (3) the effective date, and (4) the special pay rates authorized. Table numbers are provided for use in data processing systems. When cited, 'SMSA' means the Standard Metropolitan Statistical Area as defined by the Office of Management and Budget.

Occupational Coverage: GS-081 Fire Protection and Prevention Series
(Table No. 011)
Geographic Coverage: Alaska: Clear Air Force Base
Effective Date: First day of the first pay period beginning on or after
